Grinnell College

Friday 23rd February, 2024

Reminders

- Homework 4 is due Wednesday
- Quiz 4 has been released on gradescope and is due Monday
- Quiz 3 Redo has been released on gradescope and is due Monday

Table of Contents

1 Practice

Other Uses for Hashing

- Problem 1: Given a string of size n and a substring of size k . Find an efficient way to determine if the substring is contained within the string.
- Problem 2: Given an unsorted array of size N with nonnegative integers, find a continuous subarray that sums to a given number k .
- Problem 3: Given an array of size $n-1$ containing distinct integers less than or equal to n , find the missing element
